EXCENEL^{MD}
poudre de cefotfur sodique pour solution
Usage vétérinaire seulement

Stérile

antibiotique à large spectre

Pour bovins, vaches laitières en lactation, chevaux, porcs, agneaux et chiens
Mises en garde. Les personnes qui ne doivent pas être abattues à des fins alimentaires doivent éviter de toucher les animaux ou de leur donner des médicaments pour les humains. Ne pas administrer aux vaches veaux de lait ou de crème. Ce médicament doit être administré aux chevaux devant être abattus à des fins alimentaires. Les médicaments antimicrobiens, dont les pénicillines et les céphalosporines, peuvent causer une réaction allergique chez les personnes hypersensibles. Afin de minimiser les risques d'une telle réaction, les utilisateurs de produits antimicrobiens, certifieront toujours en éviter le contact direct avec la peau et les muqueuses. Pour éviter une réaction allergique, il est recommandé de faire une épreuve cutanée avant l'administration de ce médicament. • EXCENEL^{MD} devient moins efficace uniquement si le traitement individuel d'animaux selon les indications. • La décision de prescrire EXCENEL^{MD} doit reposer sur une expérience clinique et appuyée, à la possible par une culture de l'échantillon pathogène ainsi que par un antibiogramme. • L'utilisation de ce médicament en dérogation des directives de l'étiquette n'est pas recommandée. GARDER HORS DE LA PORTÉE DES ENFANTS.

Net 4 g

DIN 00813567

EXCENEL[®]
cefotfur sodium powder for solution
Veterinary Use Only

Stérile

broad-spectrum antibiotic

for cattle, lactating dairy cattle, horses, swine, lambs and dogs

Warnings: treated swine and lambs must not be slaughtered for use in food for at least 24 hours after the latest treatment with this drug. No meat, whey or milk withheld from the milk required in cattle when treated with this drug. Do not use in calves to be processed for veal. This drug is not to be administered to horses that are to be slaughtered for use in food. Antimicrobial drugs, including penicillins and cephalosporins can cause allergic reactions in sensitized individuals. To minimize the possibility of such a reaction, users of such antimicrobial products, including cefotfur, are advised to avoid direct contact of the product with the skin and mucous membranes. To limit the development of antimicrobial resistance, • EXCENEL[®] should not be used as a first medicament in cattle and other species. • EXCENEL[®] should be used as the second medicament if a primary treatment fails. • The use of EXCENEL[®] as the second medicament, an animal should be monitored for signs of adverse effects. • The use of EXCENEL[®] as the second medicament should be limited to situations where no other treatment is available. • The extra-label drug use of EXCENEL[®] is not recommended. **KEEP OUT OF REACH OF CHILDREN**

Net 4 g

This package contains:

- 4 g Excenel
- 1 Transfer needle diluent for Excenel

Medicinal Ingredient: Cetofur sodique (ceftazidime sodium, 50 mg per ml. of reconstructed Preservative/Batch/Alcohol 9 mg per ml. in the sterile diluent).

Non-medical ingredients: Mannitol, sucrose, citric acid, potassium phosphate, 1,288 mg per ml. Sodium hydroxide, 10% q.s. to pH. **Storage:** Store unconstituted product at a temperature between 5 and 30°C. Store reconstructed product between 2 and 8°C for up to 7 days, between 15 and 30°C for up to 12 hours or freeze for up to 3 weeks. Protect from light. **See insert for complete directions for use, including dosage and administration.**
